Tentative Schedule and Next Steps

Dates	Steps
January 2021	Finalize Design Plans and Bidding Process
March 2021	Contract Award
April 2021	Pre-construction Resident Meeting
April/May 2021	Anticipated Start of Project

Resident FAQ's

If my driveway is damaged, will it be fixed or replaced?

- Sections of private driveways in public easement will be replaced if damaged during construction with the exception of edging materials and brick paver driveways.

Will my driveway be closed during construction?

- Private drives will be accessible the majority of the time during construction. If your driveway needs to be closed, notice will be provided to allow adequate time to make arrangements.

Will the parkway be restored after construction is completed?

- Parkway areas disturbed by construction will be restored with sod during the last stage of construction. Please note that residents are responsible for the removal of private items located within parkway such as landscaping features, fencing, boulders, sprinklers, planters, etc. These items will not be replaced if damaged.
