**2023 COMMUTER PARKING PERMITS  
WITH CONTINUED FLEXIBILITY TO PARK AT  
EITHER STATION**

December 1, 2022

Dear Commuter:

The purpose of this courtesy reminder letter is to advise you the 2023 permits will go on sale on Thursday, December 1, 2022. Parking permit rates have been returned to pre-pandemic rates. Pricing and permit options can be found on the 2023 Commuter Parking Application on the reverse side of this letter. As a reminder: Daily parking is still available at both stations by paying \$2.00 per day at the pay box or on the PassPort Parking Application.

To continue to provide commuter flexibility, the 2023 permits will remain interchangeable between the Downtown Glenview and Glen of North Glenview Train Stations. This option was implemented last year based on customer feedback provided by our commuters. For record keeping purposes, you will be asked on the application which station is your **primary** choice; however, you may park at either station.

The Village issues removable vinyl parking permits for annual and semi-annual permits. Permits must be displayed at all times and they are to be located in the top corner of the rear window of the driver's side of the vehicle. Tape may be used (recommended) to ensure permit is securely displayed. Monthly permit hang tags must be hung on your rearview mirror whenever you are parked in a commuter parking lot. A citation will be issued if the permit is not properly displayed. Motorcycles and scooters can only park in designated areas and do not need to display the permit (these permits are verified by license plate numbers). Permits will not be refunded or prorated.

Please call the Village at (847) 729-5000 with any questions you may have regarding the permit structure or parking process.

Sincerely,  
Your Friendly Village Commuter Team
