

stock of what we do have. One thing I'm particularly proud of: Did you know that Glenview has 216 restaurants within the Village's 14 square miles? That's more than 15 restaurants per square mile. We're certainly not starving for choice around here.

Why don't I ever see a Village plow truck on Waukegan Road?

While many major roadways fall within the Village boundaries, many of them are actually maintained by the Illinois Department of Transportation or the Cook County Highway Department.

Waukegan Road, from the southern border of town at Golf Road to the northern border at Willow, is maintained by IDOT. Central, Dearlove, Greenwood, Milwaukee, Pfingsten, Shermer, West Lake and Willow are all similarly maintained by IDOT.

Our team is responsible for removing snow and ice from 167 miles of Village-maintained roadway and 272 cul-de-sacs, as well as 80 miles of sidewalk and 18 parking lots that service Village facilities, the central

business district, The Glen Town Center and two commuter train stations. We initiate plowing operations once conditions warrant service – generally after an inch or two have fallen.

Have a question for President Jenny? Email askpresidentjenny@glenview.il.us and your question could be featured in next month's mailbag.
