January 2018

## 2018 Village Budget

# Funding capital needs a growing priority

An increased commitment to capital improvements is part of the Village of Glenview's structurally balanced and sustainable spending plan for 2018.

The approximately \$129 million budget (shown in the charts to the right) continues the fiscally responsible practice of supporting ongoing expenditures with ongoing revenues, and maintains high service levels.

To help keep repairs and improvements to roads, storm sewers and other infrastructure up to standards, the budget includes a nominal property tax increase to be dedicated to those purposes. The total \$250,000 of additional property taxes generated will help address the funding gap between dedicated funding sources and the community's infrastructure needs. That slight property tax increase – 2.62 percent from a year earlier – represents an increase of about \$13.90 on the Village portion of the average property owner's annual bill.

The process to develop the Village budget started off last summer with a major challenge. While Glenview has for years identified and embraced cost efficiencies and cost-sharing opportunities, additional cost-cutting measures were needed in the 2018 Village budget to compensate for the \$431,000 diverted from Glenview by the State of Illinois in its fiscal 2017 adopted budget.

Specifically, the state took three actions that reduced revenues originally intended for the Village of Glenview's use:

- reduced Glenview's share of income tax by 10 percent (\$220,000 less in 2018);
- established a 2-percent administrative fee on home rule sales tax (\$160,000 less in 2018); and
- reduced Glenview's share of the Personal Property Replacement Tax by 23 percent (\$51,000 less in 2018).

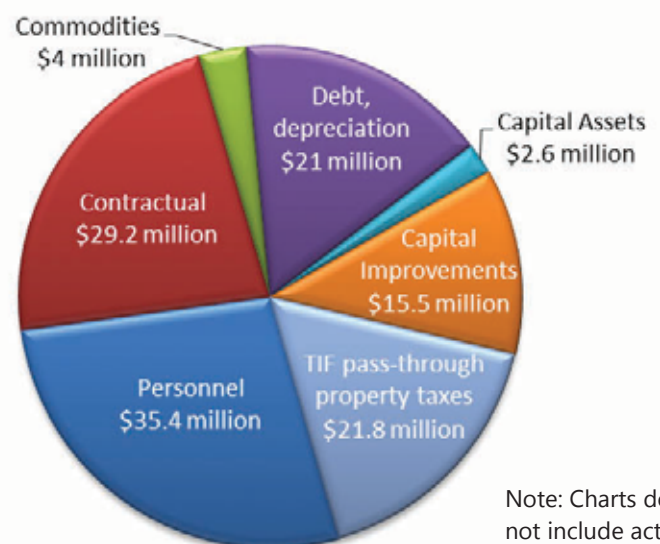

The Village will earmark \$5.25 million in operating revenue to help fund capital projects on a pay-as-you-go basis. That

 Senior housing aid..... Page 3    Mitigating O'Hare noise ..... Page 5

## HELP OUR FIRE DEPARTMENT

Please keep fire hydrants on or near your property clear of snow for easier access in case of an emergency.

## Give the tree a green goodbye

You don't have to throw your real Christmas tree in the trash. The tree is biodegradable, which means it can be easily reused or recycled for mulch. Trees can be dropped off until January 31 at these designated collection points:

- Glenview Public Works, 2498 East Lake Avenue
- Johns Park, 2101 Central Road
- Flick Park, 3600 Glenview Road
- Cunliff Park, 540 Echo Lane
- Cole Park, 1031 Kenilworth Avenue
- Willow Park, 2600 Greenwood Avenue

Alternatively, residents in single-family homes, duplexes and multifamily properties that have opted into the Village's refuse and recycling program can put trees, wreaths and garlands out with the regular garbage during the month of January. Groot will collect them at no additional charge. All ornaments, lights and tinsel should be removed from trees. Do NOT cover the tree with a plastic disposal bag.

Multifamily dwellings that are not part of the Village's waste contract should refer to their management companies for the appropriate method of disposal.

And remember, holiday lights can also be recycled. Drop them off in the marked receptacle outside the Public Works Department through February 23.

## Resolve to recycle on 1st Fridays

Glenview Village Hall can be a one-stop destination for many recyclables through the First Friday Recycling program. Safely dispose of unwanted medications and sharps and mercury-containing thermometers and thermostats in the lobby at 2500 East Lake Avenue on the first Friday of the month. Drop-off hours are 8 a.m. to 4 p.m. on these 2018 dates:

January 5	May 4	September 7
February 2	June 1	October 5
March 2	July 6	November 2
April 6	August 3	December 7

Bins are available in Village Hall to accept these items between 8 a.m. and 5 p.m. weekdays:

- Compact Fluorescent Light (CFL) bulbs
- Alkaline and rechargeable batteries
- Shoes (all types)
- Ink jet and laser toner cartridges
- Eyeglasses and hearing aids
- Aluminum cans
- Cell phones
- American flags
- Unopened sample- or trial-sized toiletries

Here are the January notifications of major speed radar "hot spots" and stop sign/traffic light enforcement. At these locations, chosen in part based on resident requests for selective enforcement, Glenview police officers this month will monitor the areas for recurring traffic violations on an as-available basis. The goal is to promote safe driving in Glenview. Selective enforcement request forms can be found on our website at [glenview.il.us](http://glenview.il.us) in the "How do I?" drop-down box.

## Radar "hot spots"

Larch Avenue from Maple Lane to Magnolia Street • Lehigh Avenue from West Lake Avenue to Compass Road • 900 block Laramie Avenue • Lawrence Lane north of Gregory Drive • Colfax Avenue from Waukegan Road to Shermer Road • Dewes Street from Harlem Avenue to Shermer Road

## Other enforcement

Sanders Road north of Willow Road for vehicles exiting parking lot • Chestnut Avenue at Enterprise Drive for vehicles disobeying the crossing guard

## This month in history

### 80 years ago – January 7, 1938

The Village Board of Trustees voted to require pool rooms, bowling alleys and shooting galleries to obtain business licenses.

### 60 years ago – January 6, 1958

Bus stops were established on Glenview Road at Church Street and Washington Street to ease congestion and motorist confusion.

### 50 years ago – January 2, 1968

To avoid confusion with two segments of West Lake Avenue separated by the Glenview Naval Air Station, the Village Board of Trustees renamed the portion within the corporate limits to Chestnut Avenue.

### 35 years ago – January 17, 1983

The Village Board of Trustees made it unlawful for a parent or guardian of anyone under age 21 to allow them to violate the alcoholic beverage code, and unlawful for anyone to allow or permit anyone under 21 to consume alcoholic liquor on their premises.

# Senior services

## Apply for housing aid

The 2018 Village Senior Housing Assistance Program is designed to help Glenview residents with their property taxes or rent. Applications are now available online at [glenview.il.us/Pages/SeniorServices.aspx](http://glenview.il.us/Pages/SeniorServices.aspx) or at:

- Village Hall, 2500 East Lake Avenue
- Glenview Public Library, 1930 Glenview Road
- North Shore Senior Center, 161 Northfield Road, Northfield
- Glenview Senior Center, 2400 Chestnut Avenue

Completed applications, including all needed documentation, will be accepted until 5 p.m. Friday, February 9.

Recipients must be at least 62 years old and have lived within the corporate limits of the Village for at least two years.

For a one-person household, total yearly income must be below \$18,090. For a two-person household, total yearly income must be below \$24,360.

The Village of Glenview has approved up to \$1,999 per year toward rent or property taxes for qualifying Glenview senior citizens.

For more information, call Senior Services Coordinator Kim Hand at (847) 904-4366.

## Upcoming programs

Dave Rahija, Senior Vice President, NorthShore University HealthSystem, discusses the history and future of Glenbrook Hospital, the 173-bed medical/surgical facility in our community, from 1 to 2 p.m. Friday, January 5.

Melissa Versch, LCSW, North Shore Senior Center, explains Medicare benefits and discusses 2018 program changes from 1 to 2 p.m. Friday, February 2.

These GLEnergy programs at the Glenview Public Library, 1930 Glenview Road, are free and all are welcome. Register online at [glenviewpl.org/register](http://glenviewpl.org/register) or call (847) 729-7500, ext. 7600.

## From the Village President

What's ahead for the Village in 2018 is laid out in this issue's cover story on the 2018 Village budget. Here, I'd like to take one last look at the accomplishments of 2017.

The community in June welcomed Matt Formica as our new Village Manager, and he's jumped right in to assist the Village Board of Trustees and guide staff with strategic planning, goal setting and policy development.

A special representative of our town celebrated his (or her) centennial in 2017. Since being dedicated on September 15, 1917, the Jackman Park Bear – officially known as the Children's Fountain – has stood as a reminder of community giving, caring and service. A community celebration that marked the Bear's 100th was a highlight of the year.

The year also saw progress on capital improvements – partially funded by state and federal grants – that resulted in smoother streets, increased flood control and better sewer capacity. Major projects took place on Harlem Avenue; Glenview Road through the downtown; and at Lyon School.

The Village continued to oppose the idea of constructing a two-mile freight train holding track in west Glenview that is part of the plans to increase Amtrak's service between Chicago and Milwaukee. In conjunction with other impacted communities and with the backing of our Congressional representatives, the Village spent much of 2017 pressing for an Environmental Impact Statement and a Freight Impact Study before the Federal Railroad Administration makes a decision on the project.

The Glenview Public Safety Dispatch Center began providing police dispatch services for four additional communities – Lindenhurst, Kenilworth, Northfield and Winnetka – and police and fire dispatch services for Glencoe. That brings to 14 the municipalities served by the center, which achieves improved service levels and savings for all through shared resources and infrastructure.

The Village's share of income tax, use tax and motor fuel tax reimbursed by the State of Illinois will be more accurate for the next several years, following completion of a partial special census. The census officially counted the 2,040 residents that moved to Glenview since the 2010 Census. The higher population count will boost revenues received on a per capita basis by \$294,000 to be used for capital improvements.

Residents now have an online tool to manage their water accounts and monitor their usage. The Village's new Water Consumption Portal, launched in September, also can automatically send out email notifications of possible leaks or alerts if water usage is projected to exceed a self-determined threshold.

It was a busy 2017. On behalf of the Village Board of Trustees and staff, I wish everyone a healthy and prosperous 2018.

A handwritten signature in black ink that reads "Jim Pattison". The signature is written in a cursive, flowing style.

## 2016 Property Tax Levy Breakdown

Based on 2016 tax rates, the Village of Glenview receives about 6.5 percent of each tax dollar paid by Glenview property owners. This illustration (above) represents a resident of school districts 34 and 225 in Northfield Township; percentages may vary slightly for residents in other school districts and townships.

- Reconstructing 1.5 miles of roadways, and related underground infrastructure improvements, at a total estimated cost of \$8.1 million
- Resurfacing or patching 3.2 miles of roadway, at a total estimated cost of \$1.6 million
- Stormwater, water and sanitary sewer improvements, at a total estimated cost of \$3.275 million.

The Village has aggressively sought funding for capital projects through regional, state and federal grants. From 2014 through 2017, more than \$33.5 million in grant funding was secured, and nearly \$2 million in additional grants will fund projects in 2018. Other efforts to manage public dollars responsibly include working with other governments to share costs, leveraging resources and entering into public-private partnerships to control personnel costs.

## 2018 budget *from page 1*

operating revenue and other revenue sources brings the total to \$14.4 million to be spent in 2018 on roads, stormwater and other capital improvements. Projects include:

- Construction of a 1.1-mile, off-road, multiuse path on Shermer Road between West Lake Avenue and Willow Road (\$1.3 million, with 80 percent covered by grants, in partnership with Northbrook)
- Reconstruction of Crestwood Road, with associated underground infrastructure improvements, which will replace the deteriorating concrete street as an asphalt roadway (\$2.3 million)
- The second phase of main stem road resurfacing in The Glen, including Chestnut Avenue west of Patriot Boulevard; West Lake Avenue from Tower Drive to Lehigh Avenue; Compass Road; Lehigh Avenue from Compass Road to East Lake Avenue; and roads in The Glen Town Center (\$3.4 million)

Both the downtown and Glen of North Glenview commuter train stations are scheduled for improvements in 2018.

## Water, sewer rates updated for 2018

See page 6

Exterior doors and cooling systems will be replaced, restrooms renovated, platforms improved, and free Wi-Fi provided. Additionally, benches will be replaced at the North Glenview station.

The Village's 2018 spending plan was adopted December 5 by the Village Board of Trustees following three public workshops, a capital improvement projects public open house and public hearings on the property tax levy and the budget.

## Discount on home project fees

For the 21st year, the Village is offering a 25-percent discount on permit fees for single-family home improvement projects, such as room additions, interior remodeling, detached garages, sheds, decks, driveways, and swimming pools. The permit fee discount is available January 2 through March 30, 2018.

By submitting plans during the winter, when such activity is usually slower, permits can be issued faster and residents can avoid the delays that may occur during the busier spring and summer months.

For more information, call the Community Development Department at (847) 904-4340.

# Glenview joins airport noise commission

The Village of Glenview has applied to become a participating and voting member of the O'Hare Noise Compatibility Commission (ONCC). The primary objectives are to mitigate airport noise and to have a say in minimizing the amount of air traffic planned for flight over Glenview.

The Village Board of Trustees intends to enter into an intergovernmental agreement with the City of Chicago to join the commission, which plays an important role in proposing noise abatement plans to Chicago's Department of Aviation.

The impetus is the increased number of resident complaints about O'Hare aircraft noise, attributable to the testing of new runway configurations through the Fly Quiet program. Those tests include the "diagonal" runway that sends flights on 22R and 4L that had previously been used sparingly.

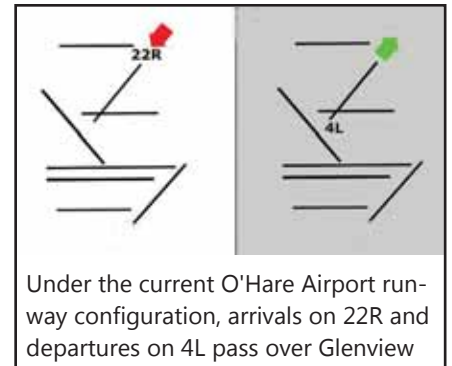

The Fly Quiet program, established in 1997, seeks to spread the impacts of

overnight (10 p.m. to 7 a.m.) aircraft noise by encouraging use of designated nighttime preferential runways and flight tracks developed by the Chicago Department of Aviation and approved by the Federal Aviation Administration in cooperation with the ONCC, airlines, and air traffic controllers.

Since 2016, various runway configurations have been tried out during three test periods.

At its December 2017 meeting, the ONCC recommended an interim Fly Quiet Program that would be implemented for approximately 2.5 years until the completion of the O'Hare Modernization Program, through which significant changes to the airport are planned, including movement to a primarily east-west oriented runway configuration. An approximate 12-month environmental impact study must now be completed prior to implementing the plan.

The ONCC is currently comprised of

42 municipalities and 19 school districts. As a member, Glenview can:

- Study noise compatibility programs and noise compatibility projects that can be implemented;
- Comment and vote on recommendations to the Chicago Department of Aviation regarding noise reduction programs, such as preferential runway usage; and
- Represent resident concerns regarding air traffic noise originating from O'Hare flights and vote on future programs and policies, specifically the ongoing Fly Quiet Program that relates to aircraft noise.

## Citizen's Police Academy

Applications are being accepted until February 2, 2018 for the Glenview Police Department's 2018 Citizen's Police Academy. A group of up to 30 "students" can participate in 10 informational sessions touching on patrol functions, dispatch operations, traffic issues, investigations, crime lab operations, community relations and police training.

The Academy, which is presented at no cost to the participants, will start Thursday, March 1, and meet weekly through May 3. Sessions are three hours each, and begin at 6:30 p.m. at the Glenview Municipal Center, 2500 East Lake Avenue. Applicants must be at least 18 years old and reside or own a business in Glenview.

Get more information and the application online at [glenview.il.us](http://glenview.il.us).

# 2018 Glenview water, sewer rate changes

The Village charges Glenview water and sanitary sewer customers to cover the cost of buying Lake Michigan water from Wilmette and fund ongoing maintenance and infrastructure improvements associated with the systems' operation.

Quarterly utility bills consist of two types of charges for both water and sanitary sewer service:

- A fixed rate that helps to stabilize the funding of the water and sewer systems.
- A consumption rate that is charged on every 1,000 gallons used by each customer.

Rates are reviewed annually to make sure they cover the costs to provide water and other system-related costs, including the cost to Glenview to purchase Lake Michigan water from Wilmette. Wilmette increased its purchase price by 4.5 percent for 2018, which alone accounts for 29 percent of the 2018 Water Fund expenses.

Additionally, about \$5.2 million in water and sewer infrastructure maintenance and improvements are scheduled in 2018.

The Village hired a consultant last year to study the Village's overall water rate structure. The last such study was conducted in 2006.

It found the Village has wisely been investing in planned capital improvements to ensure underground pipes are replaced and upgraded so that they are reliable.

Further, it found the level of revenues generated by the current fixed rate – at 6.7 percent of the total water cost – was too low. After discussing the consultant's recommendations at an October 26 workshop, the Village Board of Trustees supported the direction to recover more of the total revenue – 15 percent by 2022 – from the fixed component.

The shift is based on the fact that the majority of the costs of maintaining the water system and distributing water to all customers remains constant, regardless of how much water each property uses. Increasing the fixed component will result in the same amount of total revenue as the consumption revenue component will be offset. Additionally, the new schedule of fixed rates for water meters sized from 3/4 of an inch to 8 inches will now be based on the average of Glenview's actual

## Glenview water bill estimates for 2018

Rate changes effective January 1 will impact the Glenview utility bill that customers receive quarterly. This chart displays estimated increases based on water and sanitary sewer consumption and the quarterly fixed fee for a 3/4-inch "S" meter, installed in half of all Glenview residences. For information on fixed fees for other meter sizes, refer to the Village website.

Gallons used per quarter	2017 quarterly charge	2018 quarterly charge	2018 quarterly increase	2018 annual increase
10,000	\$93.41	\$98.93	\$5.52	\$22.08
20,000	\$171.61	\$180.63	\$9.02	\$36.08
30,000	\$249.81	\$262.33	\$12.52	\$50.08
40,000	\$328.01	\$344.03	\$16.02	\$64.08

water demand by meter size rather than on nationwide industry standards. This more accurately reflects actual customer usage.

As a result, effective January 1, 2018, the quarterly fixed water charge will rise to \$9.74 for most Glenview residents (those whose homes have 3/4-inch "S" meters) from \$7.86, a 19-percent increase. The water consumption rate will rise less than 5 percent to \$6.80 per 1,000 gallons from \$6.47 per 1,000 gallons.

Fixed sewer rate charges were found in the study to provide 27 percent of total sanitary sewer system costs. So only minimal increases were enacted for 2018. The fixed rate charge was increased to \$7.49 from \$7.35 for most Glenview customers, while the consumption rate will increase to \$1.37 per 1,000 gallons used from \$1.35, a 1.5 percent increase.

In total, the annual bill increase for residential water and sewer is expected to be between \$28.82 and \$139.22 in 2018, depending on meter size and a customer's usage.

Through the Glenview Water Consumption Portal, water customers can get detailed information about their daily water use, a property's water score, notifications, conservation recommendations and billing information. If you have misplaced your registration letter, contact Water Billing at (847) 724-3112 for information on how to register for this free online service.

## Emergency notification system updates code

The Village of Glenview's emergency notification system (known as CodeRED) will call, text or email you with local emergency alerts, such as floods, evacuations, shelter-in-place, or certain police activity. To sign up, go online to [glenview.il.us/Pages/EmergencyNotificationSystem.aspx](http://glenview.il.us/Pages/EmergencyNotificationSystem.aspx).

CodeRED uses a "short code" when sending text messages to users registered with the system. A short code is a five- or six-digit number sequence that is displayed on the recipient's phone when they receive a CodeRED message.

These codes are designed to be easy to

read and remember, allowing residents to save the number into their address book.

Code RED recently changed the short code used to 76993. If you have the current short code saved in your address book, you will need to update the code.

# Village Board in brief

The Village Board of Trustees met November 9 and 21 and December 5. Here is a summary:

◆ Amended the Glenview Municipal Code to establish regulations regarding the installation of small cellular antennae technology – or “small cell” – within the Village in order to minimize the impact these installations could have on residential properties and public rights-of-way.

◆ Approved a Planned Development Amendment and Final Site Plan Review to allow the Valley Lo Club, 2200 Tanglewood Drive, to construct two new paddle tennis courts adjacent to the existing facilities and a new way-finding sign.

◆ Authorized the Village to participate in the State of Illinois’ rock salt joint purchasing program to obtain up to 3,600 tons of salt for the 2017-18 winter season, for a total cost not to exceed \$162,180.

◆ Amended the Glenview Municipal Code to change the Class K Liquor License requirements of craft brewers, to allow a brewery that operates a restaurant on site or has a relationship with a restaurant within 500 feet where the ordering and payment transactions takes place on site to have the same hours as a Class B Liquor License (standard restaurants); and to allow special events during normal business hours if the event is no louder than normal operations.

◆ Granted a conditional use for Ten-Ninety Brewing, 1015-1025 Waukegan Road, to allow the operation of a restaurant use within a tenant space comprised of greater than 5,000 square feet in the D-D Downtown Develop-

ment District.

◆ Adopted ordinances to amend the Glenview Municipal Code to amend fees charged by the Village including changes which:

- Deletes the requirement for electrical, sub-contractor and plumbing contractors to obtain a contractor’s license, substitutes a demolition contractor fee of \$35 and increases to \$50 the fee for demolition permits;

- Increases the fee for permits passed on to the Cook County Recorder of Deeds that require a hold harmless agreement to \$38;

- Increases the re-inspection fee to \$150 if an inspection is failed three consecutive times;

- Increases fees for sanitary sewer and storm sewer inspections and site development inspections to \$50 to reflect the current cost;

- Increases the penalty for work initiated without a permit to cover subsequent inspection costs; and

- Increases by 3 percent ambulance transport rates for residents, non-residents, and per-mile transport fees;

◆ Approved a rezoning, final site plan review and final subdivision ordinance to allow for the construction of an additional loading dock expansion and open air loading dock, truck service building, employee parking, truck parking expansion and associated site improvements at Abt Electronics, 1200 Milwaukee Avenue.

◆ Authorized an agreement with the Suburban Tree Consortium for purchase

of trees for the Village’s 2018 tree planting program for \$339,000.

◆ Supported applications for Illinois Transportation Enhancement Program (ITEP) federal grant funding for:

- Streetscape beautification improvements from the Metra railroad tracks west to Washington Street;

- An 8-foot to 10-foot multi-use path along the north side of the widened Chestnut Avenue, in coordination with the planned 2021 Chestnut Avenue widening project; and

- A 10-foot wide multi-use path along the south side of Willow Road, in conjunction with the planned 2018 reconstruction of the Illinois Department of Transportation-owned bridge over the Metra railroad tracks and Lehigh Avenue.

◆ Approved sublease agreements for coffee shop operations with Well Dunne LLC at the downtown commuter train station and Lucy and Timothy Burke’s TLC Café in The Glen of North Glenview commuter train station.

◆ Approved an official map amendment, rezoning, final site plan review and preliminary subdivision for Trammel Crow to construct Active Living Apartments, 624-654 Waukegan Road, a 169-unit, multifamily development for seniors aged 55 and older.

*For more, go online to: [glenview.il.us](http://glenview.il.us) and click on Government/Board of Trustees/Meeting Reports.*

## 2018 Village board and commission meeting schedule

These are the typical meeting schedules for Village boards and commissions at Village Hall, 2500 East Lake Avenue. Check the meeting status as they are subject to change:

- Appearance Commission – 2nd and 4th Wednesday each month at 7 p.m., except 2nd Wednesday only in November and December
- Historic Preservation Commission – four times a year
- Natural Resources Commission – 3rd Monday every two months at 7 p.m., except the 4th Monday in January
- Plan Commission – 2nd and 4th Tuesday each month at 7 p.m., except 2nd Tuesday only in November and

December

- Village Board of Trustees – 1st and 3rd Tuesday each month at 7:30 p.m., except the 1st Tuesday only in September and December
- Zoning Board of Appeals – 1st and 3rd Monday each month at 7 p.m., except the 3rd Monday only in January, also the 5th Monday in April, the 2nd Monday in May, and the 1st Monday only in September and December
- As needed: Environmental Review Committee; Board of Fire and Police Commissioners; Fire Pension Board; Foreign Fire Insurance Board; and Police Pension Fund Board
