April 25, 2016

The Honorable Anthony Foxx  
Secretary  
U.S. Department of Transportation  
1200 New Jersey Avenue SE  
Washington, DC 20590-0001

Dear Secretary Foxx,

I am writing in support of the Village of Glenview's application for \$6.4 million through the 2016 TIGER Grant Program administered through the U.S. Department of Transportation for its Downtown Glenview Revitalization Project.

The project calls for relocating the existing Amtrak Station to the North Glen Metra Station, improving crossings, adding ADA components and increasing multi-modal connections by upgrading bike lanes. In addition, an existing surface parking lot will be reconfigured and a new two-level parking garage will be constructed.

It is clear that this project would have a dramatic impact on the Downtown area of Glenview. It will clear up congestion on Glenview Road, add commuter and retail customer parking in the Downtown area and provide multi-modal bicycle and pedestrian interconnections with existing trails, schools, parks and library, encouraging more local non-motorized transportation.

I urge you to give this application the most serious consideration. Thank you for your attention to this matter.

Very truly yours,

Richard J. Durbin  
United States Senator
