

Juniper Road Improvements Project

Pre-Construction Resident Meeting

April 14, 2021

Juniper Road Project Location and Limits

- Juniper Road from Wilmette Ave to Glenview Road
- All work to be completed within the public right-of-way and proposed easement

Scope of Work and Benefit to Residents

- Replacement of existing **water main** with new **8-inch diameter water main**, including new **1 ½ -inch water services and new b-box**
- Upgrade of existing **storm sewer system**
- **Sanitary sewer** repairs
- Construct **new asphalt roadway**
- **Driveway apron** replacement (in-kind)
- Restoration of **parkway** with sod

Proposed Construction Schedule

Construction Activity	Duration	Date
Anticipated start of construction		April 19, 2021
Construction layout and tree removal	1-2 weeks	April
Water main installation	2-3 weeks	April-May
Storm sewer installation	2-3 weeks	Late May
Landscaping restoration	2 weeks	Early June
Final layer of asphalt	1 week	Late June
Anticipated completion		Late June

Resident FAQ's

If my driveway is damaged, will it be fixed or replaced?

- Sections of private driveways in public easement will be replaced if damaged during construction with the exception of edging materials and brick paver driveways. The Village will provide reimbursement for brick re-installation.

Will my driveway be closed during construction?

- Access during construction hours (7 a.m. – 5 p.m.) will be limited. Private drives will be accessible after construction hours. If your driveway needs to be closed, notice will be provided to allow adequate time to make arrangements.

Will the parkway be restored after construction is completed?

- Parkway areas disturbed by construction will be restored with sod during the last stage of construction. Note that residents are responsible for the removal of private items located within the parkway, such as landscaping features, fencing, boulders, sprinklers, and planters. These items will not be replaced if damaged.
