The tree glows in the fall with a red-orange fall color. The smooth gray branches add winter interest along with strong
Carpinus caroliniana - American Hornbeam	25'	20'	Oval	Slow to Medium	Green	Orange-Red	Male Flowers in Catkins 1-2" Long	Nutlets	Spring	Yes	Yes	The American Hornbeam is a native tree commonly known as Ironwood or Muscledwood, which comes from the smooth, gray bark with a fluted trunk. This tree adapts well and has an outstanding orange-red fall color!
Carya illinoensis - Hardy Pecan	80'	50'	Broadly Oval	Medium	Green	Yellow	Catkin Insignificant	Edible Nut	Spring	Yes	Yes	Hardy pecan is a shade tree in the Juglandaceae (walnut) family and native to the central and east central United States and Mexico. It is grown mostly for its delicious edible nuts that appear in the summer after an insignificant bloom.

Catalpa speciosa - Northern Catalpa	50'	40'	Oval Rounded	Fast	Green	Yellow	White Clusters	Long Pods	Spring or Fall	Yes	Yes	The Catalpa is a large native tree that grows fast with bright green, heart shaped foliage that turns yellow in the fall. The tree also has 4-8" white flowers in the spring followed by long pencil-like fruit pods.
Catalpa x erubescens 'Purpurea' - Purple Catalpa	30'	30'	Rounded	Fast	Purple in Spring, Green in Summer	Yellow	White Clusters	Long Pods	Spring or Fall	Yes	No	The Purple Catalpa leafs out in the spring with beautiful purple-black new growth. Large white flowers are showy in late summer as the foliage transitions to a dark bronze-green.
Celtis occidentalis - Common Hackberry	60'	50'	Rounded	Fast	Bright Green	Yellow	Insignificant	Purple-Black Small Drupes	Spring or Fall	Yes	Yes	The Common Hackberry is a dependable native shade tree that tolerates a wide range of conditions. The textured bark adds interest to the landscape.
Cercis canadensis - Eastern Redbud	25'	30'	Rounded, Spreading	Medium	Green	Yellow	Purple-Pink in Early Spring	Small Papery Pods	Spring	Yes	Yes	The Eastern Redbud is a native favorite in the landscape. The heart-shaped leaves turn yellow in the fall. In the spring, the tree is covered with pink and purple flowers along the branches. The smooth gray bark and branching pattern adds winter interest, as well. All of these
Cladrastis kentukea - Yellowwood	30'	40'	Rounded	Medium	Bright Green	Bright Yellow	Fragrant White Cascades	2-4" Pod	Spring	Yes	No	Yellowwood is a pollinator loving tree with a smooth bark and large hanging clusters of fragrant white flowers. Perfect for shade in small to medium sized landscapes.
Crataegus crusgalli v. inermis - Thornless Cockspar Hawthorn	25'	25'	Rounded, Spreading	Medium	Dark Green, Glossy	Purple-Red	White	Red Berries	Spring	Yes	Yes	The Thornless Cockspar Hawthorn is an attractive small tree with white spring flowers & red fall fruits. The glossy green foliage turns purple-red in the fall and the widespread grayish branches add interest in the winter landscape.
Ginkgo biloba 'Autumn Gold' - Autumn Gold Ginkgo	45'	35'	Broadly Pyramidal	Slow	Green	Bright Yellow	Greenish - Yellow, Insignificant	Seedless	Spring or Fall	No	No	The Autumn Gold Ginkgo is an excellent selection for a variety of uses, including lawn, street or shade tree. The unique fan-shaped green foliage turns a striking golden in the fall that lasts for several weeks. The leaves drop rapidly, forming a golden carpet around the tree.

Ginkgo biloba 'Princeton Sentry' - Princeton Sentry Ginkgo	40'	15'	Broadly Pyramida l	Slow	Green	Bright Yellow	Greenish - Yellow, Insignificant	Seedless	Spring or Fall	No	No	Princeton Sentry Ginkgo, a columnar Ginkgo variety, is a good fit for city streets or narrow spaces. It's spectacular yellow fall color is hard to beat in the fall landscape.
Gymnocladus dioicus - Kentucky Coffee Tree	50'	35'	Oval to Vase Shaped	Medium	Dark Green	Yellow	Greenish - White, Insignificant	Leathery 5- 10" pods on females	Spring or Fall	Yes	Yes	Kentucky Coffee Tree is adaptable to a wide range of conditions. This tree also adds great texture to the landscape, and the distinctive branching stands out while the tropical-like foliage adds even more interest.
Gymnocladus dioicus 'Espresso-JFS' - Espresso Kentucky Coffee Tree	50'	35'	Oval to Vase Shaped	Medium	Dark Bluish- Green	Yellow	Greenish - White, Insignificant	Seedless	Spring or Fall	Yes	Yes	Espresso Kentucky Coffee Tree has large double compound leaves and adds a tropical feel to the landscape. This tree is tolerant of all conditions and is a seedless variety.
Gymnocladus dioicus 'Morton' - Skinny Latte Kentucky Coffeetree	50'	18'	Narrow Vase, Columna r	Medium	Dark Green	Yellow	Greenish - White, Insignificant	Seedless	Spring or Fall	Yes	Yes	Skinny Latte Kentucky Coffee Tree is nearly columnar. This new & stately Kentucky Coffee Tree selection was discovered at the Morton Arboretum and introduced through the Chicagoland Grows program. The seedless and narrow features of this cultivar make it worthy of
Gymnocladus dioicus 'UMN-Synergy' - True North Kentucky Coffeetree	60'	30'	Upright Oval	Medium	Dark Bluish- Green	Yellow	Greenish - White, Insignificant	Seedless	Spring or Fall	Yes	Yes	True North Kentucky Coffee Tree is a tough, adaptable Kentucky Coffee Tree cultivar with superior branch structure developed at University of Minnesota. The foliage adds dappled shade in the summer and turns bright yellow in the fall. The coarse bark stands out in the
Liquidambar styraciflua 'Moraine' - Moraine Sweetgum	50'	25'	Broad Oval	Medium	Dark Green, Glossy	Orange, Red, and Purple	Insignificant	One Spiked Capsule	Spring	Yes	Yes	Moraine Sweetgum is a cold hardy variety with fantastic fall color. The glossy green star-shaped leaves turn burgundy-red to yellow in the fall.
Liquidambar styraciflua 'Worplesdon' - Worplesdon Sweetgum	60'	40'	Broadly Pyramida l	Medium	Dark Green, Glossy	Orange, Red, and Purple	Insignificant	1" Spike Capsule	Spring	Yes	Yes	Worplesdon Sweetgum is a good choice for a cold hardy Sweetgum. This variety puts on a spectacular fall show, shining with a myriad of bright colors. The glossy green star shaped leaves compliment the smooth gray bark.

Liriodendron tulipifera - Tulip Tree	60'	30'	Oval	Fast	Green	Yellow	Large Yellow Green Flowers with Orange Center	Cone-Like Samaras	Spring	Yes	Yes	The Tulip Tree is a terrific native tree with large spring blooms. The yellow flowers have an orange center and resemble a tulip. The tree grows fast and has big bright green leaves.
Maclura pomifera 'White Shield' - White Shield Osage Orange	35'	35'	Upright Spreading	Fast	Dark Green, Glossy	Yellow	Insignificant	Fruitless	Spring	Yes	Yes	White Shield Osage Orange is tough as nails. This genus can thrive in areas most trees cannot and was developed at J. Frank Schmidt Nursery. The glossy green foliage turns yellow in the fall. Unlike the genus, this cultivar does not bear fruit or thorns.
Metasequoia glyptostroboides - Dawn Redwood	75'	25'	Narrow, Conical	Fast	Green, Deciduous Conifer	Orange - Brown	Insignificant	Small Cones	Spring	No	No	Dawn Redwood is a fast growing deciduous conifer with bright green needles and a rusty orange fall color. The texture this tree provides to the landscape is unmatched!
Nyssa sylvatica - Black Tupelo	35'	20'	Upright Pyramidal	Slow to Medium	Green, Glossy	Orange - Red	Insignificant	Blue-Black Drupes	Spring	Yes	Yes	Black Tupelo is a native selection that offers spectacular fall colors. The explosion of red, yellow, & orange can appear all over the tree in the fall. This variety was selected for its symmetrical and uniform shape.
Ostrya virginiana - American Hophornbeam	30'	20'	Upright Oval	Slow	Dark Green	Yellow	Catkins	Nutlet	Spring	Yes	Yes	American Hophornbeam is a small tree native tree that bears hop-like fruit and has a bright yellow fall color. It is tolerant of dry, acidic, & alkaline soils making it a good choice for lawns, parks, and naturalized areas. Ostrya is an effective pollinator and supports our
Ostrya virginiana 'JFS-KW5' - Autumn Treasure Hophornbeam	40'	20'	Upright Pyramidal to Oval	Slow	Dark Green	Yellow	Catkins	Nutlet	Spring	Yes	Yes	Autumn Treasure Hophornbeam, a J. Frank Schmidt Nursery introduction, is a perfect city tree that is narrow and adaptable. This nativar is improved from the straight species to grow with more uniform branching.
Platanus x acerifolia 'Morton Circle' - Exclamation! London Planetree	55'	35'	Upright Pyramidal	Medium	Green	Bright Yellow	Insignificant	Seed Ball, Insignificant	Spring	Yes	No	Exclamation! London Planetree was introduced by the Chicagoland Grows program. It has a strong central leader and performs well on city streets. Exclamation! is anthracnose and powdery mildew resistant.

Quercus bicolor 'JFS-KW12' - American Dream Oak	50'	40'	Broadly Pyramidal	Medium	Green, Glossy	Yellow - Brown	Catkin, Insignificant	1" Acorn	Spring	Yes	Yes	American Dream Oak is a new Swamp White Oak cultivar developed by J. Frank Schmidt Nursery. It was selected for strong resistance to anthracnose and powdery mildew. As a grower, we love the branching consistency in the field.
Quercus imbricaria - Shingle Oak	50'	40'	Broadly Oval	Medium	Green, Glossy	Yellow - Brown to Russet	Catkin, Insignificant	1/2" Acorn	Spring	Yes	Yes	Shingle Oak begins upright oval in form and turns rounded with age. The leaves have a long shape and turn russet-red in fall. It prefers moist, rich, and well drained acidic soil and can tolerate salt.
Quercus muehlenbergii - Chinkapin Oak	55'	25'	Rounded, Open	Medium	Green	Yellow - Brown	Catkin, Insignificant	3/4"-1" Acorn	Spring	Yes	Yes	Chinkapin Oak is a durable Oak that performs well in alkaline soil. It has attractive dark green sharp toothed leaves and a striking silvery gray bark.
Quercus robur x Q. bicolor 'Nadler' - Kindred Spirit Oak	30'	6'	Tightly Columnar	Slow	Green, Glossy	Yellow to Yellow - Brown	Catkin, Insignificant	3/4"-1" Acorn	Spring	Yes	Yes	Kindred Spirit Oak is one of the tightest columnar trees. It is a sister seedling to the Regal Prince but with a tighter form. The mildew and drought resistant features coupled with the form make it an excellent choice for narrow urban streets.
Quercus rubra - Red Oak	60'	45'	Rounded	Medium	Green	Red	Catkin, Insignificant	3/4"-1" Acorn	Spring	Yes	Yes	The Red Oak has a deep red fall color and beautiful smooth gray bark. The Red Oak has a vigorous growth rate and is native to our area.
Quercus x macdanielli 'Clemons' - Heritage Oak	50'	40'	Broadly Pyramidal	Medium	Green, Glossy	Yellow - Brown	Catkin, Insignificant	3/4"-1" Acorn	Spring	Yes	Yes	The Heritage Oak has handsome dark green foliage which is very mildew resistant. It is an English and Bur Oak hybrid with excellent cold tolerance. The pyramidal form makes it a good street tree Oak.
Syringa reticulata 'Ivory Silk' - Ivory Silk Tree Lilac	25'	15'	Upright Spreading Becoming Rounded	Medium	Dark Green	Insignificant	Creamy White Fragrant Panicles 6-12" Long	Capsule	Spring or Fall	Yes	No	The Ivory Silk Tree Lilac is compact and dense in form making it a useful size in the landscape. The deep green foliage is complemented by heavy white blooms in midsummer. It is drought resistant.

Taxodium distichum - Bald Cypress	55'	30'	Pyramidal	Fast	Green, Deciduous Conifer	Orange - Brown	Insignificant	1" Cone	Spring	Yes	Yes	The Bald Cypress grows well in wet areas but is hardy enough to tolerate a wide range of conditions. It is a deciduous evergreen that turns rusty brown in fall and has a shaggy brown bark.
Taxodium distichum 'Mickelson' - Shawnee Brave Bald Cypress	55'	15'	Narrow, Pyramidal	Fast	Green, Deciduous Conifer	Orange - Brown	Insignificant	1" Cone	Spring	Yes	Yes	The Shawnee Brave Bald Cypress is a narrow growing deciduous conifer. It can grow in standing water or dry soils making it a widely adaptable tree.
Tilia americana 'McKSentry' - American Sentry Linden	40'	25'	Densely Pyramidal	Medium	Green	Yellow	Pale Yellow, Fragrant	Nutlet	Spring	Yes	Yes	The American Sentry Linden was developed by McKay Nursery and was chosen for its uniform branching and form. It boasts a spicy fragrance during bloom and distinctive silvery gray bark. This American Basswood cultivar is also said to show more resistance to Japanese
Tilia tomentosa 'Green Mountain' - Green Mountain Silver Linden	45'	35'	Broadly Pyramidal to Oval	Medium	Dark Green with Silvery - White Undersurface	Yellow	Pale Yellow, Fragrant	Nutlet	Spring or Fall	Yes	Yes	Green Mountain Silver Linden offers attractive, shimmering foliage as the leaves blow in the wind. The Silver Linden variety is shown to be more resistant to Japanese Beetles than other Lindens.
Ulmus americana 'Jefferson' - Jefferson Elm	70'	50'	Vase Shaped, Arching	Fast	Dark Green	Yellow	Insignificant	Samaras, Insignificant	Spring or Fall	Yes	Yes	The Jefferson American Elm is another great American Elm choice for the landscape. This impressive tree graces the National Mall in Washington DC and has shown to be resistant to Dutch Elm disease.
Ulmus americana 'Princeton' - Princeton Elm	70'	50'	Vase Shaped, Arching	Fast	Dark Green	Yellow	Insignificant	Samaras, Insignificant	Spring or Fall	Yes	Yes	The Princeton Elm variety has proven to be one of the most resistant American Elms to Dutch Elm Disease. The graceful symmetrical branching and upright growth habit make Princeton a stately tree in the landscape.
Ulmus japonica x wilsoniana x pumila 'Morton Glossy' - Triumph Elm	55'	45'	Upright Oval	Fast	Dark Green, Glossy	Yellow - Orange	Insignificant	Samaras, Insignificant	Spring or Fall	Yes	No	Triumph Elm is another Morton Arboretum selection in the Chicago Land Grows program. This Elm is distinctly vase shaped with glossy green leaves and a yellow fall color.
