

# Environmental Sustainability Awards

- Proposed by the Natural Resources Commission to annually recognize organizations taking the lead with environmental stewardship, innovative best practices and community outreach
- Awards goals: to encourage collaboration related to environmental sustainability; increase awareness of sustainable practices; and support initiatives to lead, drive and influence sustainability
- Nominees can be any organization that serve the Glenview community, such as businesses, schools, houses of worship, volunteer groups

# Environmental Sustainability Awards

Three categories for nominations:

- **Innovation** – How has a new practice improved sustainability and is a departure from the current practice?
- **Leadership** – How has the organization demonstrated that its practices are above and beyond the norm and influenced others?
- **Education and Outreach** – What action has an organization taken to influence its employees, members, customers or others to improve sustainable practices?

# The Glen Club

- Campaign to promote preservation of milkweed on the golf course, which is an important plant for monarch butterflies
  - Education outreach to golfers through email, flyers and signage
- Strong foundation for progress of a solid habitat preservation program
